

## *The Cabo Party Life*

You probably want to eat something before going full tilt, red line into the night scene. You might just want a few tacos on the way to the bars or plan a real nice dinner at many of the restaurants and clubs here in Cabo. We have restaurant reviews in other articles but I thought I'd let you know about a few of the clubs where you might eat.

Many of the clubs offer excellent food such as the **Cabo Wabo** with its unique dishes where many of the dishes are made with none other than Sammy's famous **Cabo Wabo tequila**. The Scallops seared in tequila and lime is definitely one of my favorites. Great tip on the big event nights at **Cabo Wabo** eat there and you will have a table for the night because once it gets rocking space becomes a premium.

Another of the clubs with food is the **Giggling Marlin** where you will find plenty of great Mexican and seafood dishes. It is also one of the main clubs to start the night off with, so if you eat there you can be there first when all the fun starts.

They have a rather lively and sexy dance show to get things going. Being famous for hanging people upside down and feeding them shots and for the "**Skip and Go Naked**" bucket of booze, might give you an idea of where the party is going if this is just the start.

The **Squid Roe** also offers some great dinners but unless you are starting late say 19:30-10:00 you will want to save this for last as everybody knows "everyone ends up at **Squid Roe** by the end of the night". There is off course the **Hard Rock Café** across the street from **Squid Roe** which has great atmosphere, food and some heavy hitting drinks. The is also the Nowhere bar where everyone 9 a locals favorite warm up bar) is at on many nights unless there somewhere else.

There are still many more bars and clubs you can warm up and get going in such as the open air **Tanga Bar** by **Plaza La Glorias**, Slims the world smallest bar, the **Jungle Bar** where once it gets going it will last till the wee hours or the **Kaboo** bar and disco next to the **Cabo Marina** entrance on the corner of **Plaza Bonita**. There is also the **Love Shack**, a great place for meeting and getting juiced up, across the street from **Kaboo** and just around the corner.

One you have gotten started and then warmed up a bit, be sure to roam around, as you will find the party flows from the **Giggling Marlin** to **Cabo Wabo**. **Jungle Bar** and others but almost always the party eventually ends up at the old **Squid Roe**. That is if you are looking for a truly raucous outrageous anything goes type of party then that is where you shall be.

Now for those that may just want to have a more intimate party or a more quiet time you may consider the multitudes of other bars found in Cabo. For example for a more tranquil and sexy party atmosphere you may want to go on a **Strip Club Cruise**. That's right interspersed throughout the Cabo night scene are the "Table Dance" bars. Please see my other article concerning the **Strip Clubs** and tips on how to have a great time enjoying the Cabo Nightlife. Party on be safe and we might just see you out there!
